TEMPORARY CLOSURE OF INTERSECTION OF WEST BROAD STREET AND RIVER STREET SCHEDULED FOR FEBRUARY 13

(Greenville SC) Beginning Monday, February 13 at 9:00 a.m., West Broad Street at River Street will be closed to thru traffic due to work being done by Duke Energy that requires excavating rock. This temporary closure is expected to last up to three weeks.

After Monday, work may occur any time between the hours of 7:00 a.m. and 10:00 p.m. seven days a week. Detour routes for both eastbound and westbound traffic on Broad Street will be in place for the duration of the road closure. Motorists traveling on Broad Street and River Street are urged to use caution and to be aware of traffic control signage. Pedestrians are also encouraged to exercise caution, as the sidewalk on Broad Street in the vicinity of the intersection will also be closed.

In the event that work takes longer than expected, Broad Street will be reopened by 10:00 p.m. on March 2 for the TD Reedy River Run on March 3.
